Subject: NCI Bid Board Posting – Service Agreement

The Thoracic and Gastrointestinal (GI) Malignancies Branch conducts innovative laboratory research that is focused on a better understanding of the biology of thoracic and gastrointestinal (GI) cancers; directs pre-clinical studies to identify and validate novel targets for these cancers; conducts clinical trials of new therapies to treat patients with thoracic and GI cancers who have failed standard treatments; provides medical oncology care for patients with thoracic and GI malignancies; and trains medical oncology fellows and postdoctoral researchers.

The National Cancer Institute plans to purchase Service Agreements for (S/N: GDP.1195413.10274) CHAMELEON VISION II LASER SYSTEM and (S/N: GDP.1270765.6161) CHAMELEON MPX LASER SYSTEM from Coherent Inc. This is not a request for competitive quotation. However, if any interested party believes it can meet the attached requirements, it may submit a statement of capabilities. The capability statement must be in writing and must contain information and material in sufficient detail to allow NCI to determine is the party can fully meet this requirement. The capability statement must be received in the contracting office by 11:30 AM on June 17, 2021 ET. A determination by the Government not to compete this requirement based upon responses to this notice is solely within the discretion of the Government. Information received will be considered solely for the purpose of determining whether to conduct a competitive procurement.

Sole Source Justification:

This service contract is for an existing Chameleon laser. Only Coherent can provide service, maintenance and replace parts for a Chameleon laser. This service contract is necessary for the continuous proper function of the laser. Authorized Service on these lasers is only available directly through Coherent Inc. Coherent's highly trained service engineers are factory certified to repair and provide unmatched knowledge of Chameleon laser lasers. Coherent is considered as the Sole Source for parts and service on these devices. As the equipment manufacturer, their employees have the requisite training to provide specialized service on CHAMELEON VISION II LASER SYSTEM and CHAMELEON MPX LASER SYSTEM.
