Subject: NCI Bid Board Posting – Purchase of a Miltenyi Biotec, Inc. gentleMACS Octo Dissociator with Heaters

The Laboratory of Metabolism (LM) consists of five principal investigators. Members of the LM are international leaders in drug and carcinogen metabolism, mechanisms of chemical carcinogenesis, nuclear receptors, mammalian developmental biology, chromosomal proteins and chromatin biology, studies on B-ZIP transcription factors, and the control of mitosis by protein kinases, and cell cycle regulation. We have distinct but overlapping research interests focusing on areas that include 1) drug and carcinogen metabolism, 2) chemical carcinogenesis and chemoprevention, 3) mechanisms of carcinogenesis, 4) signal transduction and cell cycle control, 5) developmental biology, 6) epigenetic gene

The Laboratory of Metabolism (LM) in the Center for Cancer Research (CCR) in the National Cancer Institute (NCI) studies the molecular processes involved in cancer initiation, progression and treatment. LM uses primary cell cultures and organelles to grow and maintain and establish cell lines, to express genes and/or proteins of interest, and to monitor the biological effect of these modifications or treatments with compounds on cell growth, proliferation and death. These primary cells must originate from whole tissue preparations. The gentleMACS Octo Dissociator with Heaters offers automated enzymatic incubation and mechanical dissociation of tissue. With its very unique characteristics, it can be used with one to eight gentleMACS Tubes to dissociate or homogenize various tumor tissues in a closed system.

Sole Source Justification:

Miltenyi Biotec is the sole-source provider of the gentleMACS Dissociator, gentleMACS™ Octo Dissociator, gentleMACS™ Octo Dissociator with Heaters and gentleMACS Tubes. These products are offered exclusively by Miltenyi Biotec GmbH Germany, its subsidiaries and distributors. They are not available from other vendors.

ELECTRONIC INVOICING INSTRUCTIONS

To All National Institutes of Health (NIH) Contractors/Vendors:

This notification is effective on **Wednesday April 1, 2020**.

The current national emergency and the need to protect Federal and Contractor staff has resulted in a change to NIH's invoice submission process. Effective Wednesday, April 1, 2020, all NIH contractors/vendors invoices should be sent electronically via email to the NIH Office of Financial Management (OFM) and the NIH Contracting Officer (CO) using the below electronic submission instructions.

On March 30, 2020, Governor Hogan issued a stay-at-home order for the state of Maryland where residents should not leave their homes unless it is for an essential purpose. Stay-at-home orders were also issued by the state of Virginia and the District of Columbia.

Therefore, any mailed contractor/vendor invoices will be processed by NIH; however, significant delays are expected due to staff teleworking and complying with the stay-at-home orders. It is important that NIH contractors/vendors follow the below procedures in order to ensure smooth processing of invoices and timely payment.

Contractor/Vendor Electronic Invoice Submission to the Office of Financial Management (OFM):

The Contractor/Vendor shall:

- Send the invoice to the NIH centralized invoice email box: invoicing@nih.gov
- Follow the below format in the email subject line, which is a **must** (Note: The keywords and separating bars in **bold** must be present to identify the information.)

Vendor: name of the contractor/vendor|**PO:** Contract Number/Task Order Number|**Invoice:**9999999

- Ensure that the body of the email and attached invoice must both include the contractor/vendor's correspondence email address in the below format (**bolded information must be present to identify information**):
Correspondence email address: xyz@abc.com
Note: See screenshot example below
- Follow the system size limits that apply to the email and each invoice: individual email attachments cannot exceed 5 megabytes each; and the email plus all attachments cannot exceed a total of 30 megabytes.
- Clearly identify a valid and complete contract number on each invoice
- Clearly identify a valid and complete order number on each invoice
- Clearly identify an accurate DUNS number on each invoice

This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(g) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(h) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.
