Subject: NCI Bid Board Posting – Precellys Evolution Homogenizer

The Thoracic Surgery Branch (TSB) conducts laboratory research pertaining to mechanisms of initiation and progression of thoracic malignancies; translates results of laboratory research to clinical protocols examining novel strategies to improve detection, diagnosis, and treatment of these neoplasms; mentors future leaders in thoracic surgical oncology and translational cancer research; and provides comprehensive clinical support for all patients with thoracic surgical issues at the NIH Clinical Center.

The primary objective: Is to purchase a precellys Evolution Homogenizer is manufactured by Bertin Instruments. It can be used to homogenize biological samples based on the multidirectional function. The instrument will be used to emulsify a clinical trial drug, H1299 tumor cell vaccine with adjuvant.

The National Cancer Institute plans to purchase Multi-Mode Plate Reader. This is not request for competitive quotation. However, if any interested party believes it can meet the attached requirements, it may submit a statement of capabilities. The capability statement must be in writing and must contain information and material in sufficient detail to allow NCI to determine is the party can fully meet this requirement. The capability statement must be received in the contracting office by 11:30 AM on May 1, 2022 ET. A determination by the Government not to compete this requirement based upon responses to this notice is solely within the discretion of the Government. Information received will be considered solely for the purpose of determining whether to conduct a competitive procurement.

Sole Source Justification: Online research and publications have been done to obtain the information. A couple biotech companies like ThermoFisher, Sigma and VWR have been called. The conclusion is that the Precelly homogenizer from Bertin is the only instrument that will meet our needs.

STATEMENT OF NEED (SON)

1.0 TITLE

Purchase Precellys Evolution Homogenizer.

2.0 BACKGROUND

Principal Investigator Dr. David Schrupp, The National Cancer Institute (NCI),has an ongoing clinical trial using H1299 tumor cell lysate as clinical drug to treat thoracic malignancy patients. The drug needs to mix with adjuvant before being administered to patients.

Because of the nature of adjuvant, the mixing process is very complicated, the drug needs to emulsify with adjuvant thoroughly and pass QC test before the drug/adjuvant administering to patients. Recommended by adjuvant manufacturer, Precelly homogenizer from Bertin can be used to perform this emulsification process with high successful rate.

Test runs had been performed, this instrument has been validated, so decision has been made this is the proper instrument to use. Due to the requirement for the instrument, it is not feasible to use any other untested, unvalidated instrument to perform this task for clinical trial.

ELECTRONIC INVOICING INSTRUCTIONS

To All National Institutes of Health (NIH) Contractors/Vendors:

This notification is effective on **Wednesday April 1, 2020**.

The current national emergency and the need to protect Federal and Contractor staff has resulted in a change to NIH's invoice submission process. Effective Wednesday, April 1, 2020, all NIH contractors/vendors invoices should be sent electronically via email to the NIH Office of Financial Management (OFM) and the NIH Contracting Officer (CO) using the below electronic submission instructions.

On March 30, 2020, Governor Hogan issued a stay-at-home order for the state of Maryland where residents should not leave their homes unless it is for an essential purpose. Stay-at-home orders were also issued by the state of Virginia and the District of Columbia.

Therefore, any mailed contractor/vendor invoices will be processed by NIH; however, significant delays are expected due to staff teleworking and complying with the stay-at-home orders. It is important that NIH contractors/vendors follow the below procedures in order to ensure smooth processing of invoices and timely payment.

Contractor/Vendor Electronic Invoice Submission to the Office of Financial Management (OFM):

The Contractor/Vendor shall:

- Send the invoice to the NIH centralized invoice email box: invoicing@nih.gov
- Follow the below format in the email subject line, which is a **must** (Note: The keywords and separating bars in **bold** must be present to identify the information.)

Vendor: name of the contractor/vendor|**PO:** Contract

STATEMENT OF NEED (SON)

Number/Task Order Number|**Invoice:**9999999

- Ensure that the body of the email and attached invoice must both include the contractor/vendor's correspondence email address in the below format (**bolded information must be present to identify information**):
Correspondence email address: xyz@abc.com
Note: See screenshot example below
- Follow the system size limits that apply to the email and each invoice: individual email attachments cannot exceed 5 megabytes each; and the email plus all attachments cannot exceed a total of 30 megabytes.
- Clearly identify a valid and complete contract number on each invoice
- Clearly identify a valid and complete order number on each invoice
- Clearly identify an accurate DUNS number on each invoice
- Not include confidential information such as Social Security Numbers (do not include TIN if it is a Social Security Number)
- Send one (1) invoice per email

The date/time that a valid invoice is submitted electronically to the email box (invoicing@nih.gov) will be the same date/time logged as that the invoice is received by NIH.

Please do not hand-deliver invoices to any NIH office. Please follow the above electronic submission instructions until further notice. In addition, please note that your contract or order will not be modified to reflect the above changes to the invoicing instructions. Failure to follow the above electronic submission instructions may result in invoice processing delays.

For Questions? Inquiries regarding the status of invoices such as receipt of invoices, due date, or payment of invoices should be directed to the OFM Commercial Accounts Branch, Customer Service Office at 301-496-6088. The office is open Monday-Friday from 8:30 am to 4:30 pm (eastern prevailing time). The Customer Service Office is closed daily between 12:00 pm to 1:00 pm (eastern prevailing time). Determination of interest and penalties due will be made in accordance with the provisions of the Prompt Payment Act, as amended, the Contract Disputes Act, and regulations issued by the Office of Management and Budget.
