Subject: NCI Bid Board Posting – Patient On-call Services for the Pediatric Oncology Branch (POB), 7/16/2022 - 3/15/2023.

The National Cancer Institute (NCI), Division of Pediatric Oncology Branch (POB), Center for Cancer Research (CCR) is one of the premier pediatric cancer centers in the country. The Pediatric Oncology Branch is dedicated to improving outcomes for children and young adults with cancer and genetic tumor predisposition syndromes. POB conduct translational research that spans basic science to clinical trials. Our clinical studies are performed in an environment that supports our patient's medical and emotional needs, alongside cutting edge scientific research.

The primary objective of this acquisition is to obtain well qualified and highly skilled physicians to cover the Pediatric Oncology Service in the evenings, weekends, and holidays. The benefits to hiring these highly qualified physicians are it would save the Government money and time in training physicians outside of the Fellowship program.

The National Cancer Institute Pediatric Oncology Branch plans to purchase a patient on-call services to provide continuity of service for the inpatient pediatric patients from Dr. Ruyan Rahnama. This is not a request for competitive quotation. However, if any interested party believes it can meet the attached requirements, it may submit a statement of capabilities. The capability statement must be in writing and must contain information and material in sufficient detail to allow NCI to determine if the party can fully meet this requirement. The capability statement must be received in the contracting office by 11:30 AM on July 7, 2022 ET. A determination by the Government not to compete this requirement based upon responses to this notice is solely within the discretion of the Government. Information received will be considered solely for the purpose of determining whether to conduct a competitive procurement.

**Source Justification:**

The professional services from Dr. Ruyan Rahnama has expertise & knowledge with existing patients here at NCI due to previous consistence years of service. Individual has advanced, specialized training in patient care and has flexibility in scheduling. This gives us here at POB the detailed service needed for our patient care. It's not feasible to open this position to other sources due to the urgent need to fill these shifts for continuity of patient care. Market research that was done proved not to be specific to our needs. Other services contacted were not able to offer flexibility in scheduling and were larger businesses. Other services had no prior NCI patient experience and lacked the knowledge needed to meet the needs of POB. This service/contractor is that of a small business.

### **3.0 SCOPE**

The first fellows treat patients 100% of the time, while the second and third year fellows in train in laboratory settings. However, fellows entering their second year become eligible for Night Call Pay, aka “Moonlighting”. Therefore, patient care responsibilities are assigned on a reverse seniority basis. Clinical fellows in their second and third years receive priority consideration for moonlighting responsibilities. This provides additional clinical training for fellows in the second and third year of training and allows the required time out of the hospital mandated by the Accreditation Council for Graduate Medical Educations (ACGME) for first year fellows. Fellows are also chosen this way to provide continuity to patients enrolled on protocols at the NCI.

### **4.0 CONTRACT REQUIREMENTS/ AND PERSONNEL QUALIFICATIONS**

In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(h) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.
