Subject: NCI Bid Board Posting – Antibody sequencing, production, purification, and characterization of anti-mouse EGFR

The goal of the Molecular Imaging Branch (MIB) is to develop targeted imaging methods that accelerate the development of cancer therapies. The MIB is focused on the development and translation of in vivo molecular imaging agents for early detection, monitoring and therapy. Given the high risks and high costs of conducting research in this field, the MIB is well positioned to address the challenges that the field of molecular imaging faces. These imaging agents include tissue-specific magnetic resonance imaging (MRI), positron emission tomography (PET), radionuclide, and optical probes. MIB is focused on the clinical translation of targeted imaging agents for cancer imaging.

The primary objective is to perform antibody sequencing, production, purification, and characterization of anti-mouse EGFR (mEGFR). The anti-mEGFR will be used for pre-clinical research for photoimmunotherapy (PIT). PIT is currently being used in clinical trials. Human-EGFR-targeted PIT has been approved for head and neck cancers. In order to expand its application to other kinds of cancers, additional pre-clinical research is necessary. The anti-human EGFR suitable for PIT is commercially available, however, anti-mEGFR is not. Anti-human EGFR can be used for PIT in mouse xenograft models with human cancer cells, however, to investigate the anti-cancer immunity caused by PIT, syngeneic mouse models that have mouse cancer cells in the mouse is required. The branch will obtain a maximum of five clones of anti-mEGFR from a GenScript from a previous contract and use these clones to sequence, produce, purify, and characterize. The clone with the highest affinity, specificity, and cross-reactivity characteristics will be selected and used for pre-clinical research.

The National Cancer Institute Plans to purchase Antibody sequencing, production, purification, and characterization of anti-mouse EGFR From Genscript, Piscataway, New Jersey. This is not a request for competitive quotation. However, if any interested party believes it can meet the attached requirements, it may submit a statement of capabilities. The capability statement must be in writing and must contain information and material in sufficient detail to allow NCI to determine if the party can fully meet this requirement. The capability statement must be received in the contracting office by 11:30 AM on August 12, 2022. ET. A determination by the Government not to compete this requirement based upon responses to this notice is solely within the discretion of the Government. Information received will be considered solely for the purpose of determining whether to conduct a competitive procurement.

Sole Source Justification:

In order to maintain consistency and reproducibility, the branch is requesting GenScript to continue work with the clones to characterize them. In addition, the branch has worked with the vendor on a few past projects related to antibody/protein production. The branch contacted other vendors (R&D, Sino) but they could not meet our requirements in terms of time and cost for the requested work. Since the branch had started with GenScript for the initial project, changing vendors would compromise the integrity of the research.

The following clause is applicable to all Purchase Orders, Task or Delivery Orders, and Blanket Purchase Agreement (BPA) Calls: PROMPT PAYMENT (JUL 2013) FAR 52.232-25. Highlights of this clause and NIH implementation requirements follow:

STATEMENT OF WORK (SOW)

I INVOICE REQUIREMENTS

A. An invoice is the Contractor's bill or written request for payment under the contract for supplies delivered or services performed. A proper invoice is an "Original" which must include the items listed in subdivisions 1 through 12, below, in addition to the requirements of FAR 32.9. If the invoice does not comply with these requirements, the Contractor will be notified of the defect within 7 days after the date the designated billing office received the invoice (3 days for meat, meat food products, or fish, and 5 days for perishable agricultural commodities, dairy products, edible fats or oils) with a statement of the reasons why it is not a proper invoice. (See exceptions under II., below.) Untimely notification will be taken into account in the computation of any interest penalty owed the Contractor.

1. Vendor/Contractor: Name, Address, Point of Contact for the invoice (Name, title, telephone number, e-mail and mailing address of point of contact).
2. Remit-to address (Name and complete mailing address to send payment).
3. Remittance name must match exactly with name on original order/contract. If the Remittance name differs from the Legal Business Name, then both names must appear on the invoice.
4. Invoice date.
5. Unique invoice #s for all invoices per vendor regardless of site.
6. NBS document number formats must be included for awards created in the NBS: Contract Number; Purchase Order Number; Task or Delivery Order Number and Source Award Number (e.g., Indefinite Delivery Contract number; General Services Administration number); or, BPA Call Number and BPA Parent Award Number.
7. Data Universal Numbering System (DUNS) or DUNS + 4 as registered in the Central Contractor Registration (CCR).
8. Federal Taxpayer Identification Number (TIN). In those exceptional cases where a contractor does not have a DUNS number or TIN, a Vendor Identification Number (VIN) must be referenced on the invoice. The VIN is the number that appears after the contractor's name on the face page of the award document.
9. Identify that payment is to be made using a three-way match.
10. Description of supplies/services that match the description on the award, by line billed.*
11. Freight or delivery charge must be billed as shown on the award. If it is included in the item price do not bill it separately. If identified in the award as a separate line item, it must be billed separately.
12. Quantity, Unit of Measure, Unit Price, Extended Price of supplies delivered or services performed, as applicable, and that match the line items specified in the award.*

* NOTE: If your invoice must differ from the line items on the award, please contact the Contracting Officer before submitting the invoice. A modification to the order or contract may be needed before the invoice can be submitted and paid.

B. Shipping costs will be reimbursed only if authorized by the Contract/Purchase Order. If authorized, shipping costs must be itemized. Where shipping costs exceed \$100, the invoice must be supported by a bill of lading or a paid carrier's receipt.

C. Mail an original and 1 copy of the itemized invoice to:
