

NCI Mentored Clinical Scientist Research Career Development Award to Promote Diversity (K08)

What Is a K08 Award to Promote Diversity?

The K08 award enhances workforce diversity by providing clinical scientists with support and protected time for intensive, supervised research career development experience in the fields of clinical, behavioral, translational, or patient-oriented cancer research.

Am I Eligible?

You may be eligible if you:

- Are from a group underrepresented in biomedical, behavioral, social, or clinical sciences. You may be eligible if you are from an underrepresented racial or ethnic group or have a disability.
- Have completed a clinical doctoral degree or a health professional doctoral degree (e.g., MD, DDS, DMD, DO, DC, OD, ND, DVM, PharmD, or PhD in clinical disciplines).
- Have completed 2 to 5 years of training following completion of a doctoral degree.
- Are either a U.S. citizen or permanent resident by the time of award.

AT A GLANCE

Submission Deadlines

February 12, June 12, and October 12, yearly

Resubmission Deadlines

March 12, July 12, and November 12, yearly

Eligibility

Clinical scientists from diverse backgrounds or with a disability, as well as with 2 to 5 years of training following completion of a clinical doctoral degree

Award Budget

Up to the legislative salary cap, fringe benefits, and \$50,000 in research development support for 3 to 5 years

What Does the K08 Award Offer?

This award offers several benefits, including:

- 3 to 5 years of salary (up to the legislative salary cap and fringe benefits annually)
- Protected time for clinical research
- Mentorship from experienced investigators
- A pathway to an independent cancer research career.

Prior to submitting an application, potential applicants are strongly encouraged to contact:

Laritza M. Rodriguez, M.D., Ph.D., at laritza.rodriguez@nih.gov or (240) 276-5969

How Does It Work?

The award salary is based on a full-time, 12-month staff appointment.

- You must devote at least 9 months to conducting cancer-related research.
- You may devote the remaining effort to clinical pursuits, teaching, or other eligible activities.
- NCI will provide \$50,000 annually for career and research development support.
