

Center to Reduce Cancer Health Disparities

CRCHD TRAINING AND CAREER DEVELOPMENT FUNDING OPPORTUNITIES

CRCHD provides funding opportunities for research training and career development of students and investigators from underrepresented racial and ethnic groups, individuals with disabilities, and individuals from disadvantaged backgrounds, and for involving minority institutions in cancer research, research training, education, and outreach.

HIGH SCHOOL AND UNDERGRADUATE TRAINING OPPORTUNITIES	PURPOSE
<p>PA-12-149 – Research Supplements to Promote Diversity in Health-Related Research</p>	<p>Improve the diversity of the research workforce by supporting and recruiting from groups that have been shown to be underrepresented in cancer and cancer health disparities research.</p>
<p>NCI Cancer Center Supplements for High School and Undergraduate Student Research Experiences (P30S)</p>	<p>Institutional award available to NCI-supported Cancer Centers to provide research experiences to promising high school and undergraduate students from underrepresented populations pursuing careers in biomedical research in the basic, clinical and population sciences.</p>
GRADUATE/PREDOCTORAL AND POSTDOCTORAL TRAINING OPPORTUNITIES	PURPOSE
<p>PA-12-149 – Research Supplements to Promote Diversity in Health-Related Research</p>	<p>Improve the diversity of the research workforce by supporting and recruiting from groups underrepresented in cancer and cancer health disparities research.</p>
<p>PA-14-147 – Ruth L. Kirschstein National Research Service Awards for Individual Predoctoral Fellowships to Promote Diversity in Health-Related Research (F31)</p>	<p>Improve the diversity of the health-related research workforce by supporting the training of predoctoral students from diverse populations in biomedical, behavioral, or clinical research workforce.</p>
<p>Supplements to the NCI Cancer Education and Career Development Program (R25TS)</p>	<p>Provide training opportunities for individuals underrepresented in cancer research at the pre- or postdoctoral level to be trained in cancer prevention and control, epidemiology, nutrition, and the behavioral and population sciences.</p>
<p>Supplements to the Ruth L. Kirschstein National Research Service Award Institutional Research Training Grant (T32S)</p>	<p>Support training opportunities for individuals underrepresented in cancer research at the pre- or postdoctoral level at qualified institutions.</p>

Center to Reduce Cancer Health Disparities

POSTDOCTORAL AND INVESTIGATORS TRAINING OPPORTUNITIES

PURPOSE

PA-12-149 – Research Supplements to Promote Diversity in Health-Related Research

Improve the diversity of the research workforce by supporting and recruiting from groups underrepresented in cancer and cancer health disparities research.

PA-12-150 – Supplements to Promote Re-Entry into Biomedical and Behavioral Research Careers

Help high-potential individuals re-enter an active biomedical and behavioral research career after absence due to family care.

PAR-15-064 – NCI Mentored Research Scientist Development Award to Promote Diversity (**K01**)

Provide mentored support to individuals with a research or health professional doctoral degree and are from underrepresented groups in biomedical research.

PAR-15-060 – NCI Mentored Clinical Scientist Research Career Development Award to Promote Diversity (**K08**)

Provide intensive, supervised research experience for health professionals underrepresented in biomedical research, enabling trainees' pursuit of careers in laboratory-based biomedical cancer research.

PA-15-062 – Mentored Patient-Oriented Research Career Development Award to Promote Diversity (**K23**)

Encourage research-oriented **clinicians** from underrepresented groups to develop independent research skills and gain experience needed to conduct patient-oriented research.

PAR-15-063 – NCI Transition Career Development Award to Promote Diversity (**K22**)

Provide an extended period of protected time and support for individuals who are advanced **postdoctoral** and/or **newly independent** research scientists from groups underrepresented in biomedical research.

INVESTIGATOR TRAINING OPPORTUNITIES

PURPOSE

PAR-15-053 – Exploratory Grant Award to Promote Workforce Diversity in Basic Cancer Research (**R21**)

Improve the diversity of the research workforce by supporting eligible investigators from underrepresented groups to conduct research projects focused on the basic biology of cancer.
