WHAT IS THE R25 YES PROGRAM?
The NCI Youth Enjoy Science (YES) Research Education Program (R25) provides support for institutions to develop and maintain innovative early intervention strategies to attract and engage underrepresented students and their teachers in active cancer research environments and to help prepare students for biomedical research careers.

WHICH INSTITUTIONS ARE ELIGIBLE?
Eligible institutions include:
» Higher education institutions
» Nonprofit and for-profit organizations
» Governments (state, county, city, or township; special district; Tribal; etc.)

A full list of eligible institutions is available in the funding opportunity. Foreign institutions are not eligible for this opportunity.

WHO ARE ELIGIBLE PARTICIPANTS?
Eligible participants are:
» Grades 6–12 students and teachers
» Undergraduate students and faculty

Students must:
» Be from a racial or ethnic group underrepresented in the biomedical, behavioral, clinical, or social sciences; have a disability; or be from disadvantaged backgrounds
» Be U.S. citizens, permanent residents, or non-citizen nationals

Please see the funding opportunity for additional eligibility criteria.
IMPORTANT APPLICATION INFORMATION

Applications must propose programs that:

» Include all three components listed in the funding opportunity:
  » Research experiences
  » Curriculum or methods development
  » Outreach

» Do not overlap with other training programs at the institution (e.g., T32)

» Require that all participants commit to at least 2 consecutive years (3 months per year) to the program

» Include participant evaluation and tracking
