

A photograph of two scientists, a man and a woman, wearing white lab coats and glasses, looking at a computer screen in a laboratory setting. The man is on the left, and the woman is on the right, pointing at the screen.

# CANCER RESEARCH INTERNS (CRI) SUMMER PROGRAM

THE NATIONAL CANCER INSTITUTE (NCI) IS THE FEDERAL GOVERNMENT'S  
PRINCIPAL AGENCY FOR CANCER RESEARCH AND TRAINING

## ABOUT THE PROGRAM

The CRI is a summer fellowship for students looking for an initial training opportunity with the goal is to enhance diversity with the NCI's trainee population. Apply for a minimum 8-week paid internship to conduct basic, epidemiologic, genomic, behavioral, clinical, translational, and other research at the NCI.

## ELIGIBILITY

- Must be a U.S. citizen or permanent resident
- 18 years or older
- GPA of 3.0 or higher
- Current full-time student with cancer-related research interests
- Must pass a Special Agreement Check background investigation to receive an NIH ID badge

Applicants will be interviewed by the CRI Selection Panel. Those recommended will be considered by labs across the NCI.

For questions or more information, contact: [CRI-contact@mail.nih.gov](mailto:CRI-contact@mail.nih.gov)

## PROGRAM DETAILS

- Applications accepted from mid-November to mid-January
- Statement of Interest (no more than one typewritten page)
- Official transcript
- Financial Eligibility Statement (if applicable)
